PROJECTS

- **Climate-induced disease analysis in India using POWER BI: [Ardent Computech Pvt. Ltd.]**
Developed an interactive Power BI dashboard to analyse the impact of global warming on disease patterns across Indian states. Performed data cleaning Role: Project Lead & Data Analyst
- **Entrepreneurship development project on Mohaa Choco: [Institute of Computer and Information Sciences]**
Entrepreneurship Development Project – Mohaa Chocolate Startup: Developed a comprehensive business plan for a chocolate startup, covering market research, business model, financial planning, break-even analysis, marketing strategy, SWOT analysis, sales force planning, sustainability initiatives, and future growth strategies.
- **Market research survey: cold drinks & Coca-Cola brand analysis: [Institute of Computer and Information Sciences]**
This project is a **market research study on Coca-Cola** conducted in **Bankura district**. The research aims to analyse consumer preferences, retailer experiences, and distributor perspectives regarding Coca-Cola products. Primary data was collected through surveys involving **62 consumers, 8 retailers, and 5 distributors**, while secondary data was gathered from company reports, websites, and market studies. The project examines customer buying behaviour, brand preference, distribution channels, market challenges, and provides recommendations to strengthen Coca-Cola's market position.

- **Market growth with help of IMC of royal: [Institute of Computer and Information Sciences]**
This project studies the **Integrated Marketing Communication (IMC) strategy of Royal Enfield**. It analyses how the company uses advertising, digital marketing, events, public relations, and community engagement to build a strong brand image and connect with customers. The project also examines Royal Enfield's target market, communication objectives, media mix, and the effectiveness of its marketing efforts in achieving business growth.
- **Keyword research and clustering for blog optimization: [Webskitters Academy]**
RentoMojo's main competitors are Furlenco, Cityfurnish, and Rentickle. While all offer furniture rental services, RentoMojo stands out with affordable pricing, flexible rental plans, free maintenance, and complete home furnishing solutions.
- **Topic Research and SEO-Optimized Blog Creation: [Webskitters Academy]**
This assignment showcases the process of researching, creating, and optimizing an SEO-friendly blog. It covers topic and keyword research, on-page and technical SEO, content optimization, and performance analysis using various SEO tools to improve search visibility and content quality.

- **Off-Page SEO: Backlink Building for PeRx Peptides: [Regem Enterprise]**
As a Digital Marketing Intern at Regem Enterprise, I worked on off-page SEO activities for the **PeRx Peptides** website. My responsibilities included researching relevant websites and platforms for backlink opportunities, creating **forum profiles**, and participating in **forum posting** activities. I added relevant website links where appropriate to support the website's online presence and search engine visibility.

Through this work, I gained practical experience in **backlink building, forum profile creation, forum posting, link placement, off-page SEO, website research, and maintaining proper records of SEO activities**.
